This document may contain certain forward-looking statements. These statements relate to future events or future performance, and reflect management's expectations or beliefs regarding future events, including business and economic conditions and Fiera Capital's growth, results of operations, performance and business prospects and opportunities. Such forward-looking statements reflect management's current beliefs and are based on information currently available to management. In some cases, forward-looking statements can be identified by terminology such as "may", "will", "should", "expect", "plan", "anticipate", "believe", "potential", "continue", "target" or the negative of these terms, or other comparable terminology.

By their very nature, forward-looking statements involve inherent risks and uncertainties, both general and specific, and a number of factors could cause actual events or results to differ materially from the results discussed in the forward-looking statements. In evaluating these statements, readers should specifically consider various factors that may cause actual results to differ materially from any forward-looking statement.

These factors include, but are not limited to, market and general economic conditions, the nature of the financial services industry, and the risks and uncertainties detailed from time to time in this Annual Report and Fiera Capital's interim and annual consolidated financial statements and Management's Discussion and Analysis contained herein, as well as Fiera Capital's interim consolidated financial statements and Annual Information Form filed on www.sedar.com. These forward-looking statements are made as of the date of this document, and Fiera Capital assumes no obligation to update or revise them to reflect new events or circumstances, except as required by applicable law.

This document is intended only to provide general information and is not intended to be and should not be construed or relied upon as legal or other professional advice. Fiera Capital Corporation assumes no liability by providing this guidance to its clients or any other person or entity. The information provided herein may or may not apply in any particular situation. Users should carefully review the guidance included here to determine applicability. The information and opinions herein are provided for informational purposes only and are subject to change. The information provided herein does not constitute investment advice and it should not be relied on as such. It should not be considered a solicitation to buy or an offer to sell a security. Performance figures pertaining to composites are aggregations of the performance of one or more client portfolios or pooled funds that represent similar investment strategies. Further information on the investment strategy of composites and pooled funds managed by Fiera Capital Corporation or its affiliates can be found at www.fieracapital.com. All performance data is time weighted and assumes reinvestment of all distributions or dividends and does not take into account other charges or income taxes payable that would have reduced returns. Valuations and returns are computed and stated in Canadian dollars, unless otherwise noted. Past performance is no guarantee of future results and other calculation methods may produce different results. Individual account or fund performance will vary. Information pertaining to Fiera pooled funds is not to be construed as a public offering of securities in any jurisdictions of Canada or otherwise. The offering of units of Fiera pooled funds is made pursuant to the funds' respective trust agreements and only to those investors in jurisdictions of Canada who meet certain eligibility or minimum purchase requirements. Important information about Fiera pooled funds, including a statement of the fund's investment objective, is contained in their trust agreements, a copy of which may be obtained from Fiera Capital Corporation. Unit values and investment returns will fluctuate. Please read the trust agreement of the pooled funds before investing. Pooled funds are not guaranteed, their values change frequently and past performance may not be repeated.
